

quarter of 1 percent of the total number of passengers enplaned at all air carrier airports, may petition the Administrator under § 11.25, Petitions for Rule Making or Exemptions, of this chapter for an exemption from all or part of the rescue and firefighting equipment requirements of this part on the grounds that compliance with those requirements is, or would be, unreasonably costly, burdensome, or impractical.

(c) Each petition filed under this section must be submitted in duplicate to the Regional Airports Division Manager.

[Doc. No. 24812, 52 FR 44282, Nov. 18, 1987, as amended by Amdt. 139-16, 54 FR 39295, Sept. 25, 1989]

§ 139.113 Deviations.

In emergency conditions requiring immediate action for the protection of life or property, involving the transportation of persons by air carriers, the certificate holder may deviate from any requirement of subpart D of this part to the extent required to meet that emergency. Each certificate holder who deviates from a requirement under this paragraph shall, as soon as practicable, but not later than 14 days after the emergency, report in writing to the Regional Airports Division Manager stating the nature, extent, and duration of the deviation.

[Doc. No. 24812, 52 FR 44282, Nov. 18, 1987, as amended by Amdt. 139-16, 54 FR 39295, Sept. 25, 1989]

Subpart C—Airport Certification Manual and Airport Certification Specifications

§ 139.201 Airport operating certificate: Airport certification manual.

(a) An applicant for an airport operating certificate must prepare, and submit with an application, an airport certification manual for approval by the Administrator. Only those items addressing subjects required for certification under this part shall be included in the airport certification manual.

(b) Except as provided in paragraph (c) of this section, each certificate holder shall comply with an approved airport certification manual that

meets the requirements of §§ 139.203 and 139.205.

(c) A certificate holder with an approved airport operations manual on December 31, 1987, may use the manual in lieu of the manual required by paragraph (b) of this section until December 31, 1988. Until the certificate holder has an approved airport certification manual, it shall comply with § 139.207 as if that section applied to its airport operations manual.

[Doc. No. 24812, 52 FR 44282, Nov. 18, 1987; 53 FR 4119, Feb. 12, 1988]

§ 139.203 Preparation of airport certification manual.

(a) Each airport certification manual required by this part shall—

- (1) Be typewritten and signed by the airport operator;
- (2) Be in a form that is easy to revise;
- (3) Have the date of initial approval or approval of the latest revision on each page or item in the manual and include a page revision log; and
- (4) Be organized in a manner helpful to the preparation, review, and approval processes.

(b) FAA Advisory Circulars in the 139 series contain standards and procedures for the development of airport certification manuals which are acceptable to the Administrator.

§ 139.205 Contents of airport certification manual.

(a) Each airport certification manual required by this part shall include operating procedures, facilities and equipment descriptions, responsibility assignments, and any other information needed by personnel concerned with operating the airport in order to comply with—

(1) The provisions of subpart D of this part; and

(2) Any limitations which the Administrator finds necessary in the public interest.

(b) In complying with paragraph (a) of this section, the airport certification manual must include at least the following elements:

(1) Lines of succession of airport operational responsibility.

(2) Each current exemption issued to the airport from the requirements of this part.

§ 139.207

14 CFR Ch. I (1–1–03 Edition)

(3) Any limitations imposed by the Administrator.

(4) A grid map or other means of identifying locations and terrain features on and around the airport which are significant to emergency operations.

(5) The system of runway and taxiway identification.

(6) The location of each obstruction required to be lighted or marked within the airport's area of authority.

(7) A description of each movement area available for air carriers and its safety areas and each road described in § 139.319(k) that serves it.

(8) Procedures for avoidance of interruption or failure during construction work of utilities serving facilities or navigaids which support air carrier operations.

(9) Procedures for maintaining the paved areas as required by § 139.305.

(10) Procedures for maintaining the unpaved areas as required by § 139.307.

(11) Procedures for maintaining the safety areas as required by § 139.309.

(12) A description of, and procedures for maintaining, the marking and lighting systems as required by § 139.311.

(13) A snow and ice control plan as required by § 139.313.

(14) A description of the facilities, equipment, personnel, and procedures for meeting the rescue and firefighting requirements in §§ 139.317 and 139.319.

(15) Procedures for complying with the requirements of § 139.321 relating to hazardous substances and materials.

(16) A description of, and procedures for maintaining, the traffic and wind direction indicators required by § 139.323.

(17) An emergency plan as required by § 139.325.

(18) Procedures for conducting the self-inspection program as required by § 139.327.

(19) Procedures for controlling ground vehicles as required by § 139.329.

(20) Procedures for obstruction removal, marking, or lighting as required by § 139.331.

(21) Procedures for protection of navigaids as required by § 139.333.

(22) A description of public protection as required by § 139.335.

(23) A wildlife hazard management plan as required by § 139.337.

(24) Procedures for airport condition reporting as required by § 139.339.

(25) Procedures for identifying, marking, and reporting construction and other unserviceable areas as required by § 139.341.

(26) Any other item which the Administrator finds is necessary in the public interest.

[Doc. No. 24812, 52 FR 44282, Nov. 18, 1987; 53 FR 4119 and 4258, Feb. 12, 1988]

§ 139.207 Maintenance of airport certification manual.

Each holder of an airport operating certificate shall—

(a) Keep its airport certification manual current at all times;

(b) Maintain at least one complete and current copy of its approved airport certification manual on the airport;

(c) Furnish the applicable portions of the approved airport certification manual to the airport personnel responsible for their implementation;

(d) Make the copy required by paragraph (b) of this section available for inspection by the Administrator upon request; and

(e) Provide the Administrator with one complete and current copy required by paragraph (b) of this section.

§ 139.209 Limited airport operating certificate: Airport certification specifications.

(a) An applicant for a limited airport operating certificate must prepare, and submit with an application, airport certification specifications for approval by the Administrator. Only those items addressing subjects required for certification under this part shall be included in the airport certification specifications.

(b) Except as provided in paragraph (c) of this section, each certificate holder shall comply with the approved airport certification specifications that meet the requirements of §§ 139.211 and 139.213.

(c) A certificate holder with an approved airport operations specification on December 31, 1987, may use those specifications in lieu of the specifications required by paragraph (b) of this
